THE VISION

Transforming the Eastern Province's most iconic coastal estate into the Kingdom's premier luxury waterfront destination.

Sunset Beach Resort sits on irreplaceable land — a private peninsula with 360-degree waterfront access, a marina, and direct proximity to Bahrain. Its physical DNA is extraordinary.

This proposal outlines how we will unlock that potential — first through operational excellence, then through strategic redevelopment — creating enduring value for generations.

THE OPPORTUNITY

An Irreplaceable Asset, Ready to Be Unlocked

253	3	360°	7–9 km
KEYS / UNITS	PRIVATE BEACHES	WATERFRONT ACCESS	TO BAHRAIN CAUSEWAY

RESORT FACILITIES

- 3 restaurants & dining venues
- Event & conference hall
- Aqua park & 2 spas
- Marina & sports facilities
- Private peninsula location

STRATEGIC POSITION

- GCC pioneer — luxury resort since 1970s
- 10 km from Al Khobar city center
- 4-hour drive from Riyadh
- Direct Bahrain corridor access
- Vision 2030 tourism alignment

OUR APPROACH

Operations First.
Then Invest with Confidence.

A phased approach that proves the asset's commercial potential before committing to large-scale capital expenditure. Each phase builds on the last — creating real data, real reputation, and real returns that inform every subsequent decision.

PHASE 1
Takeover & Transformation
Months 0–12

PHASE 2
Development & Pre-Opening
Months 13–36

PHASE 3
Full Management & Brand Guardianship
15 Years

This approach provides real performance data to size any future investment accurately — perhaps SAR 2.26B is not needed, perhaps less achieves the same result. It places operators who deeply understand the property at the center of the future investment plan.

PHASE 1 — MONTHS 0 TO 12

Operational Takeover & Luxury Transformation

MANAGEMENT

- Day to day management and operations of the Sunset Beach Resort & Residence.
- Establishing operational policies and Standard Operating Procedures (SOPs)
- Design and execute a new commercial and marketing strategy to ensure optimal reach to targeted segments.
- Strengthen Online presence and overall visibility: Hotel or brand website, Online Booking Integration, social media, etc...
- Establishment of recruitment and training plans to qualify and develop national talents in line with international benchmarks.
- Organize the operations staffing structure and overall framework.
- Evaluate all costs and expenses, take necessary actions to reduce them without affecting the overall service quality.
- Implementation of governance and quality assurance systems to monitor performance and secure optimal results.

CONSULTANCY SERVICES

- Development of the future strategic concept and positioning that reflect the project's identity and meet market needs.
- Built a Business Plan according to the desired concept approach.
- Facilitate negotiations with International Brands.
- Built an Area Program, respecting International standards and/or selected brand requirements.
- Provide our expertise into giving you the appropriate recommendations for development management, design review, project management, and cost control during this phase.

PHASE 2 — MONTHS 13 TO 36

Design, Technical Services & Operational Integration

Working alongside the design teams, we will:

MASTER PLAN & ARCHITECTURAL REVIEW

- Review master plans, site plans and circulation (guest, staff, logistics, services).
- Ensure efficient zoning of rooms, public areas, aqua park, residences, BOH, parking and access.

CONFIGURATION & SPACE PLANNING

- Confirm and fine-tune the number of keys and their mix (standard rooms, suites, special units, branded residences).
- Optimize public areas, F&B outlets, meeting rooms, spa, aqua park and kids' areas in line with target segments and revenue strategy.
- Validate and improve BOH areas (receiving, storage, kitchens, laundry, staff facilities) for operational efficiency.

INTERIOR DESIGN INTEGRATION

- Review interior design concepts and layouts for rooms, corridors, F&B, meeting rooms and public spaces.
- Ensure that functional, emotional and brand requirements are all met.
- Advise on signage concepts (external and internal) that support navigation, safety and commercial flows.

GUEST JOURNEY FLOWS & EXPERIENCE BLUEPRINTS

- Map physical and emotional guest flows: arrivals, circulation to rooms, F&B, wellness, kids' activities, etc...
- Identify friction points and re-design them into opportunities for delight and revenue (e.g. upgrade moments, cross-sell touchpoints, intuitive signposting toward high-margin venues).
- Develop experience blueprints that link design, staffing, SOPs and technology to the desired emotional outcome and commercial KPIs (ADR, TRevPAR, upsell conversion, repeat and referral rates).

FOOD & BEVERAGE INFRASTRUCTURE DESIGN

- Review and optimize layouts for restaurants, bars, cafés, banqueting and support areas.
- Define preliminary F&B equipment lists and functional zoning (kitchens, cold rooms, bars, counters, dishwashing, storage).
- Support evaluation and recommendation of key F&B equipment and suppliers.

INFORMATION TECHNOLOGY & SYSTEMS

- Advise on the hotel's IT backbone, including PMS, POS, reservations and distribution connectivity.
- Review requirements for network, back-office systems, telephony, CCTV, key systems, TV, payment solutions and guest internet.
- Ensure AV systems for meeting rooms and event spaces are aligned with the market positioning and revenue plan.

CONSTRUCTION SUPPORT & PROJECT MONITORING

- Provide technical assistance visits at key stages.
- Review detailed drawings and design modifications for operational and brand compliance.
- Flag risks early and propose corrective actions.

PHASE 2 — MONTHS 13 TO 36

PreOpening Preparation, Guest Experience & Commercial Launch

We will support the project through pre-opening and launch by focusing on:

PRE-OPENING PROJECT MANAGEMENT

- Develop pre-opening critical paths and milestone plans.
- Coordinate with project stakeholders.
- Monitor readiness and manage risk items.

ORGANIZATION & STAFFING

- Organizational structures and key positions
- Defining job profiles and recruitment priorities.

COMMERCIAL STRATEGY & LAUNCH PLAN

- Set up a residential sales roadmap (lead generation, events, site-visits, closing) and a resort launch plan (pricing, distribution, partnerships).
- Link marketing and digital strategies to specific KPIs (direct booking ratio, unit sales, upsell ratios, campaign ROIs).

GUEST EXPERIENCE, SERVICE DESIGN & CULTURE ACTIVATION

- Create concrete guest journeys and service scenarios for each segment
- Design service rituals and interaction techniques at key revenue moments.
- Use the Learn by Being™ model to train leaders and teams on the floor.
- Deploy GX tools to monitor guest and team culture and relate these metrics to revenue KPIs (ADR, TRevPAR, upsell conversion, repeat and referral rates).

PRE-OPENING READINESS AUDITS

- Conduct readiness checks for rooms, public areas, systems and teams.
- Provide final recommendations and action plans prior to soft opening.

PHASE 3 — 15 YEARS

Full Management & Brand Guardianship

Long-term operational management under a Hotel Management Agreement, with continuous luxury quality assurance and brand guardianship ensuring Sunset Beach maintains its position as the Eastern Province's premier destination.

HOTEL MANAGEMENT

- Full operational management per HMA terms
- Continuous performance optimization
- Revenue management & cost control
- Technology & systems evolution

LUXURY QUALITY ASSURANCE

- Ongoing brand guardianship & standards monitoring
- Periodic luxury service training refreshers
- Guest experience audits & improvement programs
- Reputation management & KPI tracking
- Ongoing staff training & talent development

Contract Term: 15 years initial term, renewable for an additional 5 years upon mutual consent. Management fees structured as Base Fee (% of Gross Revenue) plus Incentive Fee (% of Adjusted Gross Operating Profit), aligning operator performance with owner returns.
DolceVita Fee: $5,777/month for luxury quality assurance & brand guardianship.
